

Summer Sailing Camp - 12 - 15 years of age.

Take part in our sailing adventure along the Great Masurian Lakes trail. During the seven day cruise we will visit the most interesting ports, show you some of the greatest taverns, and the most beautiful wild, uninhabited places to moor the boat.

Because of the age of our participants, we put a lot of stress on safety measures during the actual sailing and when on land. Our workers are partners with the participants, we spend time together, teach them to help each other out, work in a team. We also teach the participants to take care of their surroundings and preserve the natural beauty of Masuria region.

Over ten years of experience in organising summer sailing camps and inland skipper training cruises for adults, teens and children shows that we can combine fun and learning in a professional way.

Participants:

12-15 years of age

Programme:

We start and end our cruise in Giżycko. During the fifteen days we will visit the most important towns, cities and lakes on the Great Masurian Lakes sailing trail. The actual route is dependant on the weather conditions, but the amount of time we spend on water is sufficient to explore the region.

Towns:

Giżycko, Mikołajki, Węgorzewo, Sztynort, Ruciane - Nida

Lakes: Śniardwy, Niegocin, Dargin, Łabap, Dobskie, Mamry, Jagodne, Tałty, Mikołajskie, Seksty, Beldany.

Schedule:

Our summer camp is "wandering " - the participants will not (as it is often on summer camps) be in one place the whole time. We moor our boats in different places every day, which gives the participants the chance to fully explore and immerse themselves in the Masuria region. Sometimes these are wild, hard to reach places where we sing sea shanties by the campfire, other times these are the biggest cities where we play volleyball, football and explore nearby relics.

During the cruise every participant has the chance to learn the sailing technique, taking an active part in sailing.

For the keen to learn, we organise lectures about advanced sailing technique and theory, safety, meteorology and first aid techniques. We have over 10 years of experience in organising school excursions and company events for big companies - we know how to work in a group.
