

Student international sails

Seven days under sail on a comfortable and safe cabin yacht on Masuria lakes.

For most of the adult participants of the cruise this is the first time in their lives on a sailboat. You don't need to have any previous sailing experience.

We are going to teach you everything that you need to know, but of course it depends entirely on your will – if you want to, you can just enjoy the view, relax, and we will take care of everything.

We provide experienced skippers to accompany you during the trip, who will show you the most beautiful places in Masuria and to teach you the basics of sailing technique.

During the seven day cruise we will visit the most interesting ports, show you some of the greatest taverns, and the most beautiful wild, uninhabited places to moor the boat.

The schedule is set individually and according to your particular needs. All of the participants are adults, so if you want to stay longer during the night and sleep a little bit longer – the skippers are at your service.

We guarantee you excellent company, a lot of fun and unforgettable memories. Our company has been organizing sailing cruises for many years, we know Masurian lakes like the backs of our hands, we cooperate with WOPR (polish marine rescue organization) and provide you absolute safety. Every year we organize dozens of company parties and conferences so we know absolutely everything there is to know about nearby hotels, restaurants and any tourist attractions on the route of our cruises.

Schedule:

We moor our boats in different places every day, which gives the participants the chance to fully explore and immerse themselves in the Masuria region. Sometimes these are wild, hard to reach places where we sing sea shanties by the campfire, other times these are the biggest cities where we explore nearby relics.

During the cruise every participant has the chance to learn the sailing technique, taking an active part in sailing.
